In re the Application of:

Kuen-dong HA et al.

Serial No. 09/938,838

Examiner: A. Perry

Filed: August 27, 2001

For: MASK-FRAME ASSEMBLY FOR COLOR CATHODE-RAY TUBE HAVING COMPENSATING

UNIT

COMMENTS REGARDING STATEMENT OF REASONS FOR ALLOWANCE

Commissioner for Patents PO BOX 1450 Alexandria, VA 22313-1450

Sir:

A Statement of Reasons for Allowance was forwarded to the applicants in a Notice of Allowability mailed August 18, 2004.

MPEP §1302.14 states, in part:

Where specific reasons are recorded by the examiner, care must be taken to ensure that statements of reasons for allowance (or indication of allowable subject matter) are accurate, precise and do not place unwarranted interpretations, whether broad or narrow upon the claims. The examiner should keep in mind the possible misinterpretations of his or her statement that may be made and its possible estoppel effects.

The reasons for allowance include descriptions and characteristics of selected items of prior art. It is submitted that such characterizations are not proper "reasons for allowance" as directed by 37 C.F.R. §1.104 and as explained in M.P.E.P. §1302.14. In particular, a discussion of the prior art is specifically identified as Example (F) of M.P.E.P. §1302.14 of a statement which is not a suitable reason for allowance.

Furthermore, the Examiner construes 'connected between' to mean 'connected to and in between'. However, claims 1 and 13 do not recite the language set forth by the Examiner. It is further submitted that the claims speak for themselves and should not be interpreted based on the Examiner's characterizations of same. It is also submitted that the claims provide their own best evidence as to the reasons for allowance.

Serial No.: 09/938,838

Thus, it is submitted that the Examiner's Statement "raises possible misinterpretations... and possible estoppel effects" (M.P.E.P. §1302.14) and is therefore improper.

Respectfully submitted,

STAAS & HALSEY LLP
